MANUFACTURER

# THERMOPLAST

---

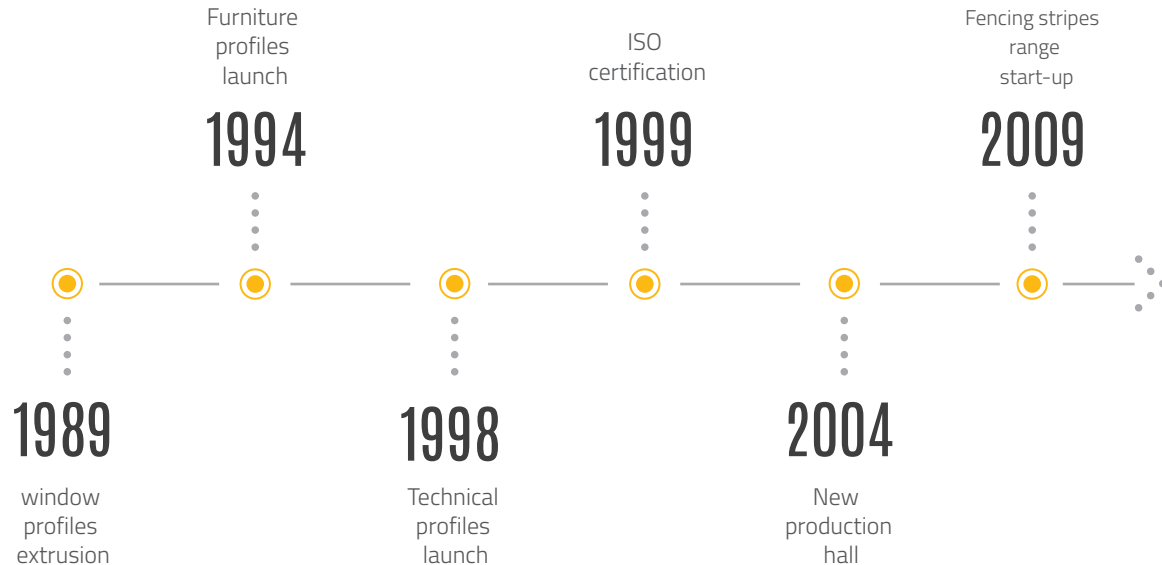

A local leader of plastic profiles solutions for various industrial applications.

A competent partner for the production and delivering of customized, individually designed plastic profiles.

.....

THERMOPLAST IS A PRIVATELY-OWNED COMPANY FOUNDED IN 1989  
WITH A FOOTPRINT OF A SWISS/POLISH JOINT VENTURE.

## THE HIGHEST STANDARDS OF PRODUCTION PROCESSES

We work with high quality materials from reliable suppliers.

We use more than 10 types of plastic materials such, such us: PVC, PS, PP, PA, ABS, ASA, PE.

Owing to our own laboratory and mixing plant we are able to prepare unique recipes of plastic compounds.

We are able to extrude profiles of weight from 15 g/m to 3.500 g/m. At the final treatment we are using: laminating, printing, drilling and bending. All processes are certified according to ISO 9001:2008.
